Proposal of Armistice Kindly Received by Greek Officials

TURKS RECEIVE IDEA WITH INDIFFERENCE AND MUCH DISTRUST

(By Associated Press) ATHENS, Mar. 25.—The Greek press is taking kindly to the idea of an armistice in Asia Minor, as proposed by the powers, and general relief is felt at the prospect for peace. In responsible circles it is believed the armistice proposals will be accepted by the Greek government without reservation.

(By Associated Press) CONSTANTINOPLE, Mar. 25.—Proposal for an armistice between the Turks and Greeks in Asia Minor, advanced by allied foreign ministers, was received here with indifference and distrust, as expressed by newspapers in all shades of opinion.

HITCHCOCK KEEPS UP UNAMERICAN POLICY

(By Associated Press) WASHINGTON, D. C., Mar. 25.—The validity of the ratification Pacific treaty was challenged today by Senator Hitchcock. The said failure to act on "domestic questions" declaration invalidated the treaty. Senator Lodge defended the ratification.

POWERS CHEKA CURTAILED AND PEOPLE ELATED

(By Associated Press) MOSCOW, Mar. 25.—Curtailed of the powers of the dreaded Cheka has loosened Russia's tongue and is restoring a measure of its old life. No longer greatly fearing the ire of the inquisition, most of Moscow's residents, though still somewhat chary of talking politics in public places, have little hesitation now in expressing what they think of things in general.

They smile more often, give more "parties," and are beginning again to extend old time Russian hospitality to strangers without fear that the presence of an unknown guest in their quarters will bring an armed Cheka agent there to investigate.

Pallid young men of the old class of aristocrats, who survived the world war, perhaps two or three campaigns of the civil war and who spent time in prisons are returning to their old habits of enjoyment. Some of them look like ghosts returned to a land that is a graveyard of their former wealth but, if they are ghosts, they are merry ones and dance gaily on their own tombstones.

Conditions have changed and they must spend a part of their hours in working. They have few or no servants and must do their own washing and cooking.

The opportunity comes in the form of the Children's Pets Exhibition to be held here under the auspices of the San Francisco Society for the Prevention of Cruelty to Animals. Prizes will be awarded for the most popular pets.

SHOTGUN SQUAD POLICE FIGHT ROBBERS DUEL

Four of Gang Captured With Two Being Seriously Wounded in Battle

(By Associated Press) SAN FRANCISCO, Cal., Mar. 25.—A 24-hour police ambush by the shotgun squad for an expected burglar of Olson's Pharmacy, in the Richmond district, resulted in a gun fight between six detectives and a gang of five men, four of whom were captured. Two were seriously wounded and one of the wounded men, George O'Neill, ran many blocks through backyards and over fences. He was traced by blood to where he finally fell with a shattered thigh at the wall of the Presidio. The shotgun squad hid in a ready office, opposite the pharmacy, watched the gang drive up, enter the place and then opened fire as the men came out. The battle followed.

HUDSON STRIKE CARRIES HIGH SILVER VALUES

The mineral find made on the 300 level of the Hudson shaft at Royston is growing bigger and richer with the exploitation of the ground. Since last Saturday the ore vein has gained in width from 10 inches to 30 inches, while there has been a corresponding increase in the values. An assay had yesterday of an average sample of the ore showed silver contents of 1732.6 ounces a ton.

This strike has created a great deal of interest at Royston and owners of properties are watching development with a feeling that the district will be heard from in the future in a most convincing way from a production standpoint.

GUNMEN AGAIN ACTIVE AROUND CITY BELFAST

Reign of Terror Still Continues and Marauders Continue With Vigorous Assaults

CABINET MEETS MONDAY

Will Consider Invitation Secretary Churchill for Visit London

(By Associated Press) BELFAST, Ireland, March 25.—Gunmen were again busy today. Three men ambushed John Bessford, a Protestant employee of a morning newspaper. He was wounded twice. Several men entered the home of a coal hawker east of Belfast, set it afire, and then shot a pony and donkey belonging to the hawker. David Christie was stoned in the street by several men who interrogated him regarding his religion. He turned and fled, escaping unhurt, although a shot was fired at him.

(By Associated Press) BELFAST, Ireland, Mar. 25.—The cabinet meets Monday, and among other business it is expected that Secretary Churchill's invitation from Premier Craig to go to London will be considered.

(By Associated Press) LONDON, England, March 25.—The colonial office has received no notification that Arthur Griffith, president of Dail Eireann, and Edmund J. Duggan, minister of Home Affairs, would arrive in London Monday, in compliance with the request of the British government for a conference on the critical Irish situation.

(By Associated Press) DUBLIN, Mar. 25.—The foreign office of the Dail Eireann has appointed Dennis McCullough special commissioner to proceed to the United States and inform the American public of the situation in north-eastern Ireland. McCullough sailed from Southampton today.

PEACE TREATY MUST YET RUN NEW GAUNTLET

Will be Ratified by England and Japan, but Action of France is Doubtful

(By Associated Press) WASHINGTON, D. C., Mar. 25.—The four-power Pacific treaty to which the senate gave its approval yesterday has still to run the gauntlet of another legislative body. The British government, if it follows its ordinary course, can assent to the treaty by a mere order in council. The Japanese government, clothed with similar power for ratification, may be given by the council of peers, a very limited body of high officials. Action likely to be taken by the French chambers is more doubtful. The action of the American senate in adopting the Brandagee reservation is referred to in diplomatic circles here, acquainted with the French viewpoint, as likely to be seized upon by some of the elements in Paris as a warrant for attaching a further reservation to one or more of the treaties, if for no other purpose than to make it manifest to the world that France claims all the privileges of any other nation in the construction of treaties in which she is a party.

DINNER IS INTERRUPTED WHEN FIREMEN CALL

(By Associated Press) OAKLAND, Cal., Mar. 25.—W. G. Puyertz and his wife and children were enjoying their Sunday dinner recently, when the front door suddenly flew open and a squad of firemen, headed by Battalion Chief William Carlson, entered the room.

"Pardon this intrusion," said the chief, "but your house is on fire."

Puyertz and his family fled without waiting for the next course, but the firemen were able to save both the dinner and the house.

Goldsky, in prison for connection in the Bonnet Rouge espionage case, were launched today as candidates in the Paris municipal council election, which will be held tomorrow. Against them are communists, Andre Marty and M. Radina, elected to the council last year while serving terms for participation in the Black Sea mutiny.

PRICE LIVING IS PROTESTED IN PORTUGAL

(By Associated Press) LISBON, Mar. 25.—(By Mail)—Over 5,000 persons of various classes took part in a demonstration in Oporto in a peaceable protest against the high price of living. It is said that the same thing will be done here as the present situation is untenable not alone to the poorer people, some of whom are said to be literally dying of starvation, but also in many of the middle classes.

Prices are soaring from day to day and some of the indispensable necessities of life are becoming unobtainable to any but the rich. Codfish, once the staple food of the people, is now a luxury only obtainable by the wealthy.

No official measures have any effect on the maneuvers of profiteers. The unprecedented fall of exchange is considered sufficient excuse for everyone to advance the prices as they think fit.

At an economic congress held at Coimbra, the minister of finance said the economic conditions of the country could be improved only by obtaining a foreign loan.

HAWAIIANS VOTING FOR CONGRESSMAN

(By Associated Press) HONOLULU, T. H., Mar. 25.—Voters of Hawaii went to the polls today to choose from four candidates a successor to the late Prince Jonah Kihio Kalaniana'ole, who died in January in his twentieth successive year as delegate to congress from his territory. The delegate chosen at today's special election will hold office about eight months, or until the 68th Congress convenes.

The presence of four candidates in the field made the election unusual in the territory and resulted in one of the warmest campaigns in the island's history.

Fraudulent Scheme on Labor Exposed

(By Associated Press) WASHINGTON, D. C., March 25.—Large numbers of persons have been made victims of fraudulent advertising for labor in connection with the Muscle Shoals project near Florence, Ala. It is said in a statement issued today by the United States Civil Service Commission.

It is stated by the Commission that there has been brought to its attention recent advertising throughout the country in which persons out of work have been promised positions at the Muscle Shoals project, conditioned upon their paying a registration fee of one dollar each. It is said that large numbers of unemployed men have responded, paying the required registration fee and receiving nothing in return. It is understood that the matter is to be presented to the Department of Justice for investigation and possible prosecution.
